Tour Details and Description

The primary highlight of this based in one hotel cycling tour is Lake Chiemsee, known as the "Bavarian Sea," and it's the largest lake in Bavaria. The Romans were quick to appreciate the region's natural splendor. Over the course of your vacation, you'll embark on numerous cycling expeditions and boat voyages, affording you the opportunity to relish the breathtaking scenery. This area is renowned for its pristine lakes and rivers, framed by a majestic mountain panorama. You'll also have the privilege of exploring intriguing attractions, such as the Roman Museum in Seebruck and the Horse Museum in Arlaching. A scenic boat ride will transport you to both the Herreninsel (Men's Island) and the Fraueninsel (Women's Island) before you pedal your way to the Simsee, known for its unspoiled reed-covered areas. For those with a penchant for panoramic views, an ascent via cable car to the Kampenwand is an enticing option.

Highlights:

- Eggstätt Lakes Plateau: In Bavaria's oldest nature reserve, 17 lakes and a paradisiacal atmosphere await you.
- Herreninsel: You can visit Neue Schloss Herrenchiemsee, also known as Herrenwörth Palace. It was built by the Fairy Tale King Ludwig II, modeled after the Palace of Versailles.
- Fraueninsel: You'll find a monastery of German-speaking nuns on the island. Furthermore, you can appreciate creative artworks at the island's pottery and leisurely wander through its romantic gardens. Your culinary cravings can be satisfied at the fish smokehouse.

Tour character: Level 2

The route is mainly easy to cycle with a few hilly sections. Long er distances will be cycled on nature trails, which are in good condition. You will find yourself mainly on cycle paths, country lanes, and side roads. Only some short sections have to be cycled on roads with more traffic.
